

### WAREHOUSE HANDLING CHARGE

Shipments received at our warehouse are subject to the following charges, inbound/ outbound and storage charges. The inbound fee is for items to be accepted, inspected, and, if appropriate pad wrapping, and placed in the proper location. The outbound charge is to pick and prepare items for delivery. Items require a minimum of three business days to be inspected with a window of up to five business days from the time of delivery to notify the client of any damages based on the selected inbound method. We provide images of any exterior package damage on Inbound Basic and pictures of the damaged item and packaging on Inbound Inspection.

The cost of warehouse handling is based on the weight of the goods. The rates are as follows

Service	Description	Rate	Minimum Weight	Minimum Charge
Inbound Inspected	Full removal from packaging with photo	\$7 per 100lbs	1000 lbs	\$75
Inbound Basic	Exterior packaging inspection without opening of item or photos	\$4 per 100lbs	1000 lbs	\$25
Outbound	Pulling inventory from the warehouse to loading dock	\$5 per 100lbs	1000 lbs	\$50

All shipments weighting less than our 1,000-pound will be assed a minimum charge.

» Example of a full inspection: Shipment weight 2,700 pounds = Handling Charge of \$189.00
